Tomayia Colvin

Hi, I'm Tomayia!

Thanks so much for considering me for your senior portrait session! I absolutely love everything about senior photography: styling, cool locations, and of course the amazing teens that I get to spend the day with. I love natural light, so my “backdrops” include the parks, lakes, a graffiti wall, train tracks, and abandoned buildings! Have an idea in mind, just ask I’m happy to explore new territory!

Some of clients sessions have been featured in various print & online magazines and blogs such as *Essence.com*, *Seniorologie*, *Style Sweets Magazine*, *Vibrant Magazine*, *Naturally Happy Hair*, and *PSLove You Lots* to name a few. Your session could definitely end up in a magazine or fancy blog for teens too!

Every session is a bit different but three things remain the same every client receives: a pre-session consultant to discussion styling, a fun time at their session, and a premier ordering session to review and purchase your images 1-2 weeks after your session.

xoxo
